To Whom It May Concern,

I am Cindra Reaume Weber and I coordinate the Title VI Indian Education Program for San Bernardino City Unified School District.

I have been with this program for over 25 years. I have worked extensively with Jacque Tahuka Nunez.

I have had the privilege to work with Jacque Tahuka Nunez for the past 25 years in many different areas. She has been an educator for 40 years and is highly acknowledged for her work with many different awards. Recently, in 2018, she was inducted as one of the International Educator's Hall of Fame in Sacramento. This award is recognized by the Library of Congress.

These are the areas we have worked together in:

- *Creating and collaborating on California Indigenous curriculum for our teachers
- *Mrs. Tahunka Nunez has been our Keynote speaker and emcee for our annual Back to School night for our Native American families for several years.
- *Arranging and performing at assemblies for schools in the San Bernardino City Unified School District.
- * Conducting workshops at the annual California Native American Day Conference.

In every situation Jacque is extremely confident, capable, well liked and successful in every endeavor.

The Superintendent of our District acknowledged, endorsed and awarded Jacque's contributions over the years. She connects very well with our Native community and is loved by our students.

I highly recommend her for conducting workshops and especially for inspirational keynote speaking.

Please contact me at for any further information.

Respectfully Yours,
