To Whom It May Concern:

This letter is my personal recommendation for Ed and Jacque Nunez. I have worked with Ed and Jacque in many capacities since 2006. Their talents and interpersonal skills are exemplary and appreciated by everyone who works with them.

Ed worked as a camp host at San Mateo campground and was always helpful in his assistance in campground maintenance. Ed was able to be trained quickly and with his help, we were able to keep operations running smoothly. Ed has a positive attitude and is always happy to assist with any project. He has abilities in a variety of skills needed in park maintenance.

Though she is an asset to our field trip program, Jacque has also been extraordinarily helpful in other areas of park interpretation. Jacque has not only been involved in our education and outreach but has been instrumental in all of these programs within our community. Jacque presents a program for our local elementary school students and shares with them a very touching message, stories and songs about our local Native American history. To see the students eyes light up as they listen attentively to Jacque is something very special to witness. She is also the main announcer for our yearly Native American gathering of protection and preservation. Jacque is truly an artist in her work as a Native American educator and storyteller.

I highly recommend Ed and Jacque for employment as camp hosts. They both have tremendous passion and dedication and would make a great asset to any organization. Feel free to reach out with any questions you have.

Sincerely,

Cryssie Moreno
